

INTERCHANGE QUALIFICATION MATRIX (IQM)

Includes:

Visa® , MasterCard® and, Discover® Network Interchange Programs, and PIN Debit

VISA AND MASTERCARD PREFACE

A significant amount of the fees that we charge to you for processing your Credit Card and Non-PIN Debit Card transactions represents charges that we must pay to the Issuing banks (or that are otherwise charged to us by MasterCard and Visa) under MasterCard and Visa (the “Associations”) rules. This amount, called “Interchange” varies based upon a complex series of interchange levels that may apply to the transaction depending upon a number of factors – such as the type of card presented, specific information contained in the transaction, how and when the transaction is processed, your industry, and other factors.

As a result, a portion of the rate that we charge you will depend on the type of transaction and the Interchange level at which the transaction is processed. In order to qualify for any specific Interchange level, you must satisfy certain qualification criteria established by the Associations. This IQM identifies the primary qualification criteria for the various Interchange levels. In reviewing the IQM, please note the following:

- The IQM is only a summary of the primary qualification criteria established by MasterCard and Visa for each Interchange level – it is not all inclusive. In the event of any ambiguity or conflict, the Interchange requirements established by the Associations will determine the Interchange level at which your transactions qualify.
- Some Interchange levels require that you utilize certain additional services such as Address Verification. Some Interchange levels also require that you transmit detailed transaction data such as order numbers or hotel folio numbers. Other Interchange levels require that you transmit certain indicators reflecting the nature of your transactions (such as an “E-Commerce indicator” for internet transactions).
- Interchange levels may also be restricted to merchants in certain Merchant Category Codes (“MCC”). If you wish to qualify for any such Interchange level, please call the Customer Service number listed on your monthly statement for more information about the particular MCC and the corresponding Interchange qualification criteria.
- In some cases, transactions may be processed at a more costly Interchange level solely as a result of the type of card that is presented. For example, commercial cards, among others, will generally downgrade from some Interchange levels.
- The information in the IQM should not be used to develop software or other interfaces for transmitting transactions as technical aspects of these requirements may be much more detailed than the summary presented. If you utilize terminals, software, services or equipment provided or configured by any third party, be aware that failure by these systems to correctly and accurately transmit information in the required formats may result in your transactions not qualifying for the most favorable Interchange levels.

For more information on Visa’s and MasterCard’s interchange rates, please go to www.visa.com and www.mastercard.com.

DISCOVER® NETWORK PREFACE

A significant amount of the fees that we charge to you for processing your Credit Card and Non-PIN Debit Card transactions represents charges that we must pay to the Issuing banks (or that are otherwise charged to us by Discover® Network). This amount, called “Interchange” varies based upon a complex series of interchange levels that may apply to the transaction depending upon a number of factors – such as the type of card presented, specific information contained in the transaction, how and when the transaction is processed, your industry, and other factors.

As a result, a portion of the rate that we charge you will depend on the type of transaction and the Interchange level at which the transaction is processed. In order to qualify for any specific Interchange level, you must satisfy certain qualification criteria established by Discover® Network. This IQM identifies the primary qualification criteria for the various Interchange levels. In reviewing the IQM, please note the following:

- The IQM is only a summary of the primary qualification criteria established by Discover® Network for each Interchange level – it is not all inclusive. In the event of any ambiguity or conflict, the Interchange requirements established by Discover® Network will determine the Interchange level at which your transactions qualify.
- Some Interchange levels require that you utilize certain additional services such as Address Verification. Some Interchange levels also require that you transmit detailed transaction data such as order numbers or hotel folio numbers. Other Interchange levels require that you transmit certain indicators reflecting the nature of your transactions (such as an “E-Commerce indicator” for internet transactions).
- Interchange levels may also be restricted to merchants in certain Merchant Category Codes (“MCC”). If you wish to qualify for any such Interchange level, please call the Customer Service number listed on your monthly statement for more information about the particular MCC and the corresponding Interchange qualification criteria.
- In some cases, transactions may be processed at a more costly Interchange level solely as a result of the type of card that is presented. For example, commercial cards, among others, will generally downgrade from some Interchange levels.
- The information in the IQM should not be used to develop software or other interfaces for transmitting transactions as technical aspects of these requirements may be much more detailed than the summary presented. If you utilize terminals, software, services or equipment provided or configured by any third party, be aware that failure by these systems to correctly and accurately transmit information in the required formats may result in your transactions not qualifying for the most favorable Interchange levels.

Card Sales Involving Consumer Cards

Discover® Network offers three Acquirer Interchange Program submission levels for Acquirer Interchange on Card Sales involving Consumer Cards:

- Prime Submission Level (PSL) Programs are for Card Sales that meet Discover® Network’s processing requirements described in the Operating Regulations.
 - A Card Sale must have a record of an approved or positive Authorization Response.
 - MCC listed on the Sales Data must not be Quasi-Cash or High Risk.
 - Eligibility and Card Sale criteria for a Prime Submission Level Program must be met.
 - Card Sale must be processed by Discover® Network within the specified number of days for the individual Prime Submission Level Program.
 - Acquirer must include Acquirer Interchange Program Code in Sales Data.
 - Card sale must not be an international card sale.
- Mid Submission Level (MSL) Programs are for Card Sales that do not meet all Prime Submission Level requirements, but do meet the MSL requirements.
 - A Card Sale must have a record of an approved or positive Authorization Response.
 - MCC listed on the Sales Data must not be High Risk.
 - Card Sale must be processed by Discover® Network within the specified number of days for the individual Mid Submission Level Program.
 - Acquirer must include Acquirer Interchange Program Code in Sales Data.
 - Card sale must not be an international card sale.
- Base Submission Level (BSL) Programs are for Card Sales that do not meet all MSL Program requirements.
 - All MCCs are eligible.
 - All POS Entry Modes are eligible.
 - Card Sale must be processed by Discover® Network within the specified number of days for the Base Submission Level Program.
 - Acquirer should include Acquirer Interchange Program Code in Sales Data.
 - Card sale must not be an international card sale.
- International Cash Advance Reimbursement

- Cash Reimbursement is a payment by Discover Network to the Acquirer for a Cash Advance transaction or Representation of a Cash Advance transaction or a payment by the Acquirer to Discover Network for a Chargeback or Reversal of a Cash Advance transaction. Cash Advance transactions are processed under the applicable Cash Reimbursement Program, set forth in Discover Rules and Regulations. Consequently, no additional eligibility criteria or validation tests apply to Cash Advance transactions.
- International Electronic (International is defined as a US merchant accepting a transaction from a card issued outside of the US)
 - Card Sale must be an International Card Sale
 - Card Sale must have an approved Authorization Response
 - MCC listed on the Sales Data must not be High Risk
 - Eligibility and Card Sale criteria for the individual International Submission Level Program must be met
 - Card Sale must be processed by Discover Network within the specified number of days for the individual International Submission Level Program

- Commercial Electronic Level Program is for Card Sales that meet the Acquirer Interchange Program requirements
- Card Sale must have an approved Authorization Response.
 - MCC listed on the Sales Data must not be High Risk.
 - Card Sale must be processed by Discover® Network within the specified number of days.
 - Acquirer must include Acquirer Interchange Program Code in Sales Data.
- Commercial Base Submission Level Program is for Card Sales that do not meet the requirements for processing under the Commercial Electronic Level Program.
 - All MCCs are eligible.
 - All POS Entry Modes are eligible.
 - Card Sale must be processed by Discover® Network within the specified number of days for the Base Submission Level Program.
 - Acquirer should include Acquirer Interchange Program Code in Sales Data.
 - Card sale must not be an international card sale.

Adjustment Vouchers Involving Commercial Cards

Discover® Network offers one Commercial Adjustment Voucher Program for Acquirer Interchange on Card Credits or Refunds involving Commercial Cards:

- Commercial Card Products all MCCs
- Card sale must not be an international card sale.

Acquirer Interchange Validation Tests

To determine the qualification of each Card Sale Discover® Network may conduct one or more of the four validation tests described below. The validation tests confirm the following:

- Timeliness of submission of Sales Data
 - The number of Banking Days transpiring between the Card Sale date and the Processing Date

- Processing date begins at 06:01am ET and ends at 06:00am ET the next day.
- Presence and contents of Track Data
 - The presence of CVV Data in the Track Data included in the Authorization Request
- MCC on Sales Data matches MCC on Authorization Request
 - MCCs must be the same in both the Card sale and the Authorization Request (Exception: Travel Agency MCC 4722, Airline MCC 4511 and all Unique Airline MCCs)
- Transaction amount on Sales Data matches the amount on Authorization Request
 - Sales Data amount compared to the Authorization Approved amount must match.
 - Tolerance requirement of 10% for all MCCs
 - Tolerance exception of 20% for Taxicab/Limousines MCC 4121 and Beauty/Barber Shops MCC 7230
 - The following MCCs are not subject to Transaction Amount Validation 3000-3299, 4112, 4511 – Passenger Transport 4411 – Steamship/Cruise Line, 5542 – Automated Fuel Pumps 5813 – Drinking Places/Bars, 3351-3441, 7512, 7513, 7519 – Car Rental 5541 – Service Stations 5812 – Eating Places and Restaurants 5814 – Fast Food Restaurants, 3501-3999, 7011, 7012 - Hotels

PIN DEBIT INTERCHANGE AND SWITCH FEES

The fees in this table (or as more recently published by the Debit Networks) will be passed on to you and charged in addition to the processing fees paid to us and identified on your Fee Schedule. The amount charged for Interchange, which is paid to the banks that issued the Debit Cards, will be the lesser of (a) the face amount of the transaction multiplied by the percentage rate reflected in the Interchange Fee column plus any fix transaction amount, and (b) the Cap, if a Cap is set. Switch fees, which are paid to the PIN Debit Network, will be charged to addition to the Interchange Fee and the debit processing fee.
