OFFICE OF STATE CONTROLLER EXPANDS CJLEADS TO COLUMBUS, ROBESON, BLADEN, NEW HANOVER, BRUNSWICK AND PENDER COUNTIES

Database That Helps Track and Catch Criminals Continues Rolling Out Statewide

State Controller David McCoy today began the expansion of CJLEADS (Criminal Justice Law Enforcement Automated Data Services) to criminal justice professionals in Columbus, Robeson, Bladen, New Hanover, Brunswick and Pender counties. At the events today were area legislators as well as criminal justice professionals (law enforcement officers, district attorneys, judges, magistrates and clerks) in the respective counties.

CJLEADS integrates data found within the state's various criminal justice applications and provides up-to-date criminal information in a centralized location via a secure connection for use by state and local government criminal justice professionals. CJLEADS has two primary objectives: to provide a comprehensive view of an offender through a single application, allowing for positive identification of an offender through a photographic image; and to provide an "offender watch" capability to alert criminal justice professionals when an offender has a change in status.

At the kick-off meetings, OSC provided a demonstration of CJLEADS and coordinated training schedules with the local criminal justice organizations. Criminal justice professionals can begin to use CJLEADS after completing the training classes.

The Office of State Controller deployed the CJLEADS program to Wake County as a pilot in July, 2010. OSC began the statewide Phase I deployment in December 2010 to the Upper and Lower Piedmont. (These Phase I counties included: Durham, Orange, Person, Caswell, Chatham, Guilford, Hoke, Moore, Montgomery, Richmond, Stanly, Cabarrus, Mecklenburg, Gaston, Lincoln, Cleveland, Rockingham, Stokes, Forsyth, Davidson, Rowan, Randolph, Alamance, Lee, Scotland, Anson and Union.)

The May 17 and 18 kickoff meetings begin the Phase II rollout to the lower western and lower eastern regions of the state. Phase III will begin August, 2011 to the upper western and upper eastern part of the state. The deployment will provide all federal, state and local criminal justice organizations with operational presence in the State of North Carolina the opportunity to complete on-boarding activities and begin training personnel for access to CJLEADS. To minimize deployment costs, OSC is working closely with state and local organizations to leverage available training facilities, implement Train the Trainer programs, minimize travel through the use of web-based training classes and up to date electronic documentation.

Several agencies that are part of the Wake County and Phase I rollout have shared results of having access to CJLEADS. These testimonials and additional information about CJLEADS can be found on our website

<http://www.cjleads.nc.gov>. For an online demonstration of CJLEADS please go to:

The State Controller is North Carolina's chief fiscal officer. The Office of the State Controller serves as an independent resource to ensure the financial integrity of the State by providing accounting, disbursing, payroll, internal control and financial reporting systems that serve state agencies, employees and the public and maximizing financial return through its statewide cash management plan. The OSC issues numerous financial reports including: Financial Highlights, General Fund Monthly Financial Report, IT Expenditures Report, Statewide Accounts Receivable Report, the State's Comprehensive Annual Financial Report (CAFR) as well as the short, easy-to-read version of the CAFR known as the "popular" report.
